

5 Compton Grove, Huntington

Serving a modern family, this well-presented north Huntington brick home has all the elements for a relaxed lifestyle. Both living areas and two of the four bedrooms transition outdoors with ease, allowing homeowners to entertain and enjoy the indoors and outdoors without feeling limited. The centrally placed kitchen makes hosting duties easy thanks to its seamless links to both living zones and the large deck. Cooks can chat with guests, and kids can sit and do their homework at the snack bar while meals are being prepared. When guests are over, adults can entertain in one space while children take over the other. The deck is ideal for summer living and the fire pit is a natural gathering place. A garden umbrella provides welcome shade on a hot sunny day. Kitchen, bathroom and ensuite sit on tiled floors, and the laundry is neatly recessed into the double garage. The interior is kept ambient via heat pumps and DVS while the Smart Alarm system provides good peace of mind. Home and grounds reflect pride of ownership, and when it comes to garden upkeep there is an auto sprinkler system and a storage shed.
