5 Vectis Road, Hillcrest

It's easy for a family to imagine living in this Hillcrest home and enjoying the benefits of its modern living environment, large leafy grounds and proximity to schools, shops, medical services, and local cafe. Functionality and an appealing contemporary mindset are enhanced by outdoor living opportunities. Seamlessly drawn into the living domain and linked to the wrap-around deck is a stylish and well-appointed stone-top kitchen, with an induction hob and ample storage. Foodies can cook and host with confidence. The gas fire in the lounge keeps everyone toasty warm and the ventilation system maintains a comfortable year-round interior. There are four restful bedrooms, two bathrooms, including an ensuite, and a fit for purpose stone-top laundry to deal with the endless family washing. A favourite spot is the cosy corner off the back of the dining room where two reading chairs beckon for quiet relaxation. Covered and open decks are suited to laidback alfresco living and family cookouts. The mature 809sqm freehold section has a fully fenced backyard perfect for pets and children, plus a double carport. When the coffee urge kicks in, Jack's Coffee Lounge is an amble away. Hillcrest Stadium and Marist Park are close for weekend recreation, and schools and university are walking distance.
