58 Huntington Drive, Huntington

The cool contemporary face of your Huntington home raises its brow in recognition that it is something special. Sharp, clean architectural lines and professionally landscaped gardens create a modern aesthetic. Plaster over brick, superior security features, fresh exterior paintwork, re-stained pergolas and upgraded outdoor lighting provide great peace of mind living. An incredible amount of work has gone into maintaining and updating your striking home. It is well-appointed, offers easy functionality and has a fabulous indoor-outdoor mindset. Designed for entertaining, your cook's haven boasts two full ovens, a five-burner gas hob, ample electrical sockets and storage, including two appliance cupboards, plus excellent overhead lighting. Adults can converse peacefully in one room while the children take over the other. The portico beckons for alfresco dining and relaxation gazing across the sculpted north facing front yard. Naturally warm and full of comfort, your home has gas hot water, gas heating, a comprehensive security system and fibre-optic internet, ideal for your home office. Smoke, heat and intruder sensors have been liberally fitted and the 24/7 monitored security system is connected via a monitoring company via a mobile network. When it comes to the landscaped outdoors, your work is streamlined.
