

13 McInnes Place, Queenwood

3 bedrooms 1 car 1 bathroom

Welcome to 13 McInnes Place. . . come inside. On the market for the first time in forever. Back when Television arrived in NZ this family were moving into their wonderful Queenwood home, with 3 bedrooms, big sunny lounge, and separate dining. Back then the kitchen was a busy space, and hence is a decent size. Peter Snell was winning his 3 minute races while these guys were walking to schools nearby. This gorgeous leafy cul-de-sac still has that heartwarming feel to it. Go-Go Boots and Lava Lamps were all the rage, and would still look fabulous and charming. Set on an Olympic sized section of 1016m² with a nice gully outlook - plenty of room for sports and gardens. If your style was pixie, bouffant or afro. . . you'll remember the fun that could be had in these friendly family orientated neighbourhoods. Nows your turn to wind back the clock and absorb those same safe feels. . . grab your polaroid camera and get cracking to 13 McInnes Place. There is so much scope to add more to bring her into the millennium, or maybe shoot upwards. Copy and Paste the link to download the property files:
