

9 Holloway Place, Forest Lake

Welcome to 9 Holloway Place. . . come inside. Once you step in you'll discover new carpets, a fantastic heatpump, freshly painted. . . its all prim and proper and ready for you NOW. With 2 bedrooms, fresh bathroom, fresh curtains, automatic opening garage door, the kitchen has plenty of storage and space and the exterior being Summerhill Stone - you'll find it all easy to maintain. There's loads of off-street parking for you and friends. This is a quiet, central cul-de-sac and is quiet and established. If you've needed a nice home with plenty of lawn for the children or pets, then you will love all those about 9 Holloway. The location is perfect - central, Te Rapa Waterworld around the corner, Netball Courts, Schools, the CBD, the Base. . . its all just around the corner from here. I love the the native trees in the backyard - attracting the native birds. Finding such a tidy home for under \$500k is tricky. . . now its sorted.
