Welcome to 2 Olwyn Green. . . When the owners walked in, they couldn't believe how lovely and warm it was, with the sun streaming in. They've loved living here for the past 16 years, and with new plans in mind, they know you'll be happy living here too. You'll find this quaint 2 bedroom home has privacy, and the lounge is just the best spot to sit and relax. There's a heatpump for all-year comfort. With Aberdeen, Frankton, St Columbas, Fraser and Maeroa just down the road. . . you'll be spoilt for schooling choice. Their favorite local cafe' is LOLA (down at Dinsdale), and say that it's a great coffee spot in the weekends. If you've been looking for a friendly spot to live, where its quiet, and the neighbours know your name. . . then this could be the best place to move to in 2020.
