This perfectly positioned section is only a short walk away from the Hare Puke destinations playground where the future new primary school is just a footstep away as well. Situate yourself here in Hamilton north as estimated $18m community hub which will provide not only education, lifestyle shops and transport efficiency. You will find yourself only a short driving distance away from easy access points for The Rototuna Shops & The Base Te Awa. Geo technical report is available. Call me on 027 309 5071 for a personal viewing or more information on this section.
