

4 Woodstock Road, Fairfield

Sold

4 bedrooms, 1 office, 3 lounges, 2 toilets, 1 double garage

Welcome to 4 Woodstock Road. . . There's so much to love about living here, and everything about it won my clients over when they were looking to buy - the privacy, the locality being so close to popular Cafes and Restaurants, the CBD and River Walks. . . the layout, plus the proximity to such popular schools as Woodstock Primary, Diocesan School and St Josephs. Our vendors say its so private, Quiet . . and during the Winter you can see the Fairfield bridge. . there's so much green you'd almost think you're in the country. . its really lovely. The home's design is versatile enough for a grown family, or even a work-from-home arrangement. With so much room - 4 bedrooms, office, 3 lounges, 2 toilets and a double garage. The outlook towards the Waikato River is an "ever changing" picture. . . Winter brings the dramatic silhouette of the trees, and Summer brings the beautiful greenery. Set on an 814m2 section. You can pour yourself a glass of your favourite drink, and wonder on out to the hot-tub. . . it's just brilliant. Should you need all the modern conveniences. . . yes they're all here too - dishwasher, 2 heat pumps, insinkorator,, gas heating/hotwater, alarm, a "clean air" system, gas cooking, Ultra-Fast Broadband. . . and. . . there's still the quaint old chip heater. The native timber floors are exception, and with the ornate lighting and 1950's touches - you've a lovely home so wonderfully central. This setting is so private, I bet you have trouble finding it. . . I certainly did, you'll just the love the magic of finding it. Set your GPS for 4 Woodstock Road, or just drive on up Fairfield Road (its the first driveway on the left).
