Lugtons

Your home is worth more with Lugton's

12 Amber Lane, Melville

2 1 1

After 11 years I am now transferring so really need to part with my handy home. This has been an easy property to live in, I have re-carpeted and put in a heat pump plus done some upgrades so you can move on in and not have to worry about renovating. This home is within 900 metres to Waikato hospital really hand access to the local shops and not far from public transport. Come and check it out, it could be perfect for what you need
