Building new is the best way of getting a home suited to your specific needs, with build and landscape in tune with your personal preferences. It provides the opportunity to create a bespoke design, gives you more control over the small details and allows you to utilise the latest home building and energy efficiency technologies. A new home is more likely to cut down on the amount of maintenance required, which means more time enjoy your weekends. And there is a lot to enjoy in Tamahere, including country cafes, an open-air market, a village precinct and scenic cycle way between Hamilton and Cambridge. Te Awa - the great New Zealand river ride - which passes through native bat colonies, gullies, across bridges and over elevated boardwalks, is a popular family activity.
