A hidden delight tucked away down a private right-of-way on a 950m² established section with a gully back-drop. Enjoy mother nature and the bird song at your doorstep, with the convenience of city living and excellent school zones, and amenities close by. With two living areas, three bedrooms plus two bathrooms to choose from, as well as recently upgraded new carpets and double glazing throughout. Your own private oasis awaits with an easy indoor/outdoor flow to the sun filled patio to enjoy those summer evenings with family and friends. My vendors are downsizing and have priced their property to meet the market so don't delay and call myself or one of my team today.
