In the boutique environs of Queenwood, this established home has a great family vibe and good living options. The layout serves up three double bedrooms, two bathrooms, a spacious, light-filled lounge, an open plan dining and kitchen area, and a multi-purpose studio that could be used as a second living area, fourth bedroom or home office. The studio has internal access and can also be accessed off the carport or rear courtyard. The master bedroom leads to a big sunroom that invites warm relaxed living and instant outdoor access. The dining room extends onto an entertainment deck for effortless summer enjoyment. Kitchen and bathrooms are modern spaces, and the home functions efficiently on gas hot water, gas cooking and a heat pump.
